

BRAND GUIDELINES

ZENEESHA
PARTNERS IN GROWTH

LOGO

The Zeneesha logo uses the negative space around the letter 'Z' to create a dynamic emblem. It gives a sense of movement and growth to capture how Zeneesha can help their clients.

The colours are bold but professional and a sans serif typeface compliments the angular design.

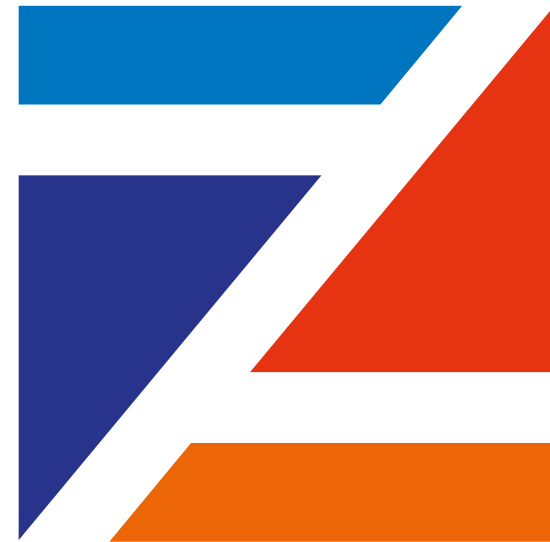

For situations where the full colour logo is not suitable, there is a white out version for dark backgrounds. There may be times when just the emblem would work better, for example at small scale like social media icons.
